LHC BOD RETREAT AND/OR LHC STRATEGIC PLANNING RETREAT

There was a suggestion by Board Members Lee and Thaxton that the Retreat(s) be held off until at later date at such time the BOD is more fully oriented on the various LHC programs and until more data is gathered and absorbed by everyone.

Vice-Chairman Foster concurred thereof, noting the Retreat should deal with how LHFA and OCD transitioned to LHC, that April 2012 is too early, and that given there are three (3) more Board Appointees pending that he'd prefer the entire BOD participate as a whole.

Board Member Ritchie also concurred likewise noting he'd prefer to wait until all 11 member are seated on the Board.

Board Chairman Airhart offered to that Board would hold off on the matter and revisit it in thirty (30) days.

LHC IED Hutchinson requested that the BOD send to him any specific topics they'd like to discuss at the future Board Retreat.

Board Chairman Airhart requested that the BOD be emailed the DED data and the 2010 Housing Needs Assessment Report by Greg Rigamer. Board Member Ritchie requested that a more current HNA be done. Mr. Hutchinson advised that he'd contact Mr. Rigamer accordingly.

Board Member Lee requested that an analysis of the housing to transit component be a part of the report, in particular any future DOTD projects.
